SURGE PROTECTIVE DEVICE WARRANTY ENDORSEMENT

This endorsement is added to the ANDERSON GROUP MUSICAL INSTRUMENTS COVERAGE FORM

CONDITIONS

The following Additional Condition is added to the CONDITIONS Section of the ANDERSON GROUP MUSICAL INSTRUMENTS COVERAGE FORM

Surge Protective Device Warranty

You promise that when a covered musical instrument is connected to electrical power, it will be protected by a Surge Protective Device (SPD) with a UL 1449 rating of at least the level of protection shown for it in the Schedule below.

If loss or damage caused by or resulting from artificially generated electrical current (including electric arcing that disturbs electrical devices, appliances or wires creating a short circuit or other electrical disturbance) occurs to a musical instrument when connected to electrical power with less than the warranted level of SPD protection, we will only pay that portion of the loss or damage that exceeds the deductible shown in the Schedule below

SCHEDULE*
